DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 14, 17, 25, 33 and 34 (dependent upon claim 33) are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. These claims include multiple dependencies that are confusing. The limitations of the previously referred to claim should appear in the text of the dependent claim such that only one claim is referred to. For example, in claim 33, perhaps there should be a claim that depends upon it to define the anterior or posterior optical element.

Allowable Subject Matter

Claims 1-13, 15, 16, 18-24, 26-32, 35 and 36 are allowed for reasons of record set forth in paper number 9.
